

Student Opportunities: Get involved with Bloodworks Northwest

Blood Drives: Host a blood drive with your school or community.

Reward Programs: Recruit donors to **earn scholarships** or show your commitment to donating with our **Senior Honor Cord Program**.

Internships and Volunteering: Apply and develop professional skills within Bloodworks.

Educational Presentations:

- **Vein to Vein** Science-based curriculum focused on the importance of donating blood.
- **Stop the Bleed®** Emergency response skills demonstration.
- **Where the Heart Lives** A free one-hour hip-hop performance by The Residency that engages, educates, and builds trust around blood donation.
- Learn about **Careers at Bloodworks**.

Small Act. Big Impact. Donate Blood.

Email Templates for STOP THE BLEED®

Initial Email [from intern to student groups]:

Dear [XXX],

My name is XX, and I am a XXX, currently collaborating with Bloodworks NW to introduce the STOP THE BLEED® program to UW's campus. This 1 hour training course equips students with life saving skills on managing bleeding during emergency situations before professional medical assistance arrives. We will cover techniques such as proper tourniquet application, wound packing, and underscores the critical importance of maintaining a safe and ample blood supply carried out by Bloodworks NW. Given your RSO's alignment with the health field, I wanted to reach out and see if you would be interested in having a team from Bloodworks NW conduct a training session at one of your upcoming meetings.

If you have any questions or are interested in learning more, please feel free to reach out!

Thank you!

XX

Event Reminder:

Hello Everyone!

Just a last minute reminder about our STOP THE BLEED® training happening **Today!**

Event Details:

- **Date:**
- **Time:**
- **Location:**

You'll also **receive a certificate of completion at the end of the class.**
